Costa

**I dream of the sea,
I travel with Costa and
I discover a reality
bigger than my dreams**

Costa.

The view from the sea.

It gives me great pleasure to think that anyone who takes a look at this brochure may well find their dream holiday and will have the chance to share a unique experience with their nearest and dearest. This is the goal we work towards every day, a goal that we achieve by constantly innovating and improving what we offer, and delivering hospitality, quality and style.

The big news of our fleet is Costa Smeralda, our new flagship, which becomes the symbol of Italian hospitality because "the most Sensational Italy is on the sea".

But besides the ships and the service we offer on board, our meticulously planned destinations are also very important. There's always something new in store, like our thrilling Around the World Cruise in 2021 that will call at incredible Namibia in southern Africa, just waiting to be explored on a photo safari. People with a head for heights will love visiting the most famous skyscrapers in the world on our stop in New York.

One of our strengths is that our cruises are becoming more and more accessible, especially for people who have never been on a cruise. This is why we have devised a new pricing system that is even easier to understand and that meets more and more of our guests' needs. The All-inclusive rate is full of offers that mean you can book without a care in the world, and the Deluxe rate gives you the very best of what we provide.

Being responsible is in Costa's nature. This is why our new flagship Costa Smeralda is the first cruise ship for the global market to be powered by liquefied natural gas (LNG), the cleanest fossil fuel in the world. We have also implemented cutting-edge projects for food waste, recycling, and energy and water saving.

Furthermore, thanks to the partnership between Costa Crociere Foundation and AISM, our disabled guests can take part in group excursions with no additional costs or charges: a first for the cruise sector.

Costa Crociere S.p.A.

What makes an Italian holiday sensational is the view, which is always spectacular, even from a new perspective.

The many different and surprising forms of fun to be had in bars, restaurants, theaters and the outdoors,

The endless range of flavors that excite the palate, creating true moments of joy.

Sunset on the Spanish Steps, shopping in Trastevere, the feeling of excitement every time you enter the Colosseum.

The spectacle of the sea, an amazing sight under the sun or the moon.

An Italian vacation is more than just a journey.

It is magical places, unique hospitality, beautiful squares in which to meet.

It is unforgettable sensations and wonder.

Would you ever have imagined experiencing all of this on a ship?
A ship unlike any other, an emblem of responsible innovation and ever more sustainable.

Costa Smeralda

Sensational Italy at sea

Colosseo

The Colosseo

The heart of Costa Smeralda is an area in the middle of the ship with three levels where the best shows are put on. The ship's visual interaction with guests is very high impact, with bright screens on the walls and on the dome that have a new story to tell in each port of call and at all times of the day, from dawn to sunset. The square is lined with all the main themed lounge bars, where guests can enjoy a glass of Ferrari sparkling wine or a Campari, perhaps admiring the sea through the large window wall.

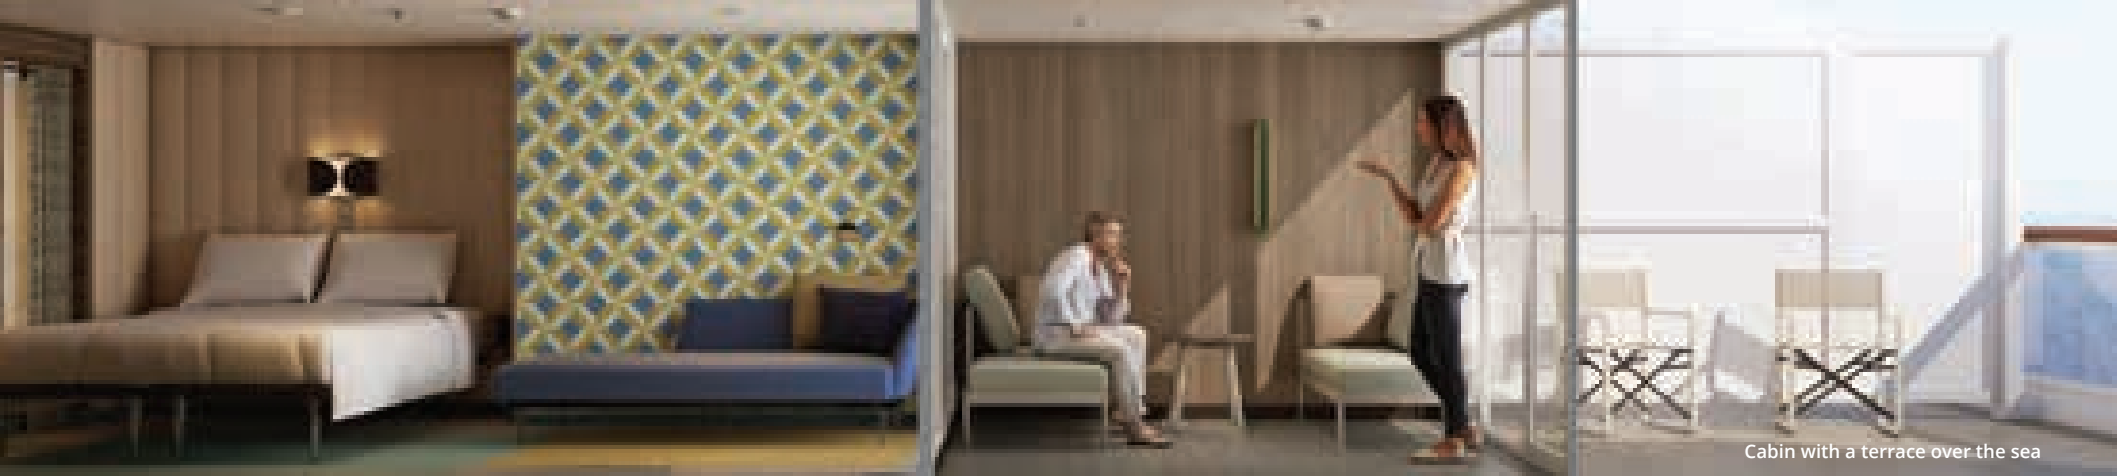

CoDe Costa Design Museum

The museum designed by Adam D. Tihany, Costa Smeralda's architect and artistic director, goes by the name of CoDe (Costa Design Museum) and will be curated by Matteo Vercelloni. The 400 m2 museum is dedicated to the very best of Italian design and inside you'll find lots of the names that have helped made this ship such a success.

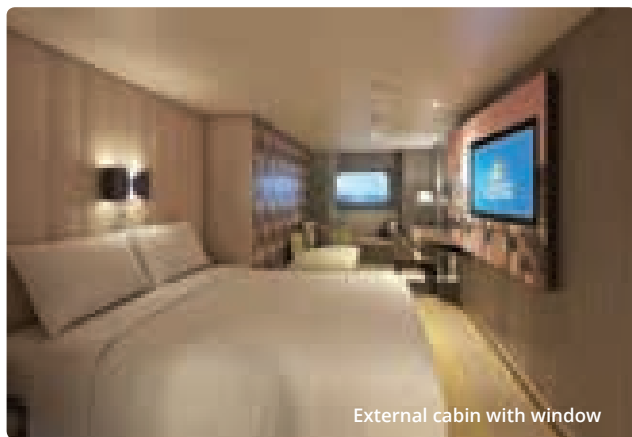

To remind you of your wonderful experience you can buy a book or a souvenir in the bookshop.

Our cabins

The cabins reflect Italian style: elegant and comfortable. The meticulously designed décor reflects the colour themes and patterns of the city the deck is named after, making all indoor spaces bright and welcoming.

The new category of cabins with a terrace over the sea feature a splendid annex looking out over the waves, where guests can have breakfast, sip on an aperitif, or simply enjoy the sound of the sea.

Piazza di Spagna

Squares of Italy Tour

Piazza di Spagna: the magic of a large stairway on three decks facing astern, the ideal place for entertaining both older and younger guests, and with an open-air balcony on the top deck whose glass floor will make you feel like you're flying over the sea.

Trastevere: the piazza at the ship's bow, is a place where guests can stop for a chat, bringing together the experience of bars like the Venice-style Il Bacaro and the Amarillo Ice Cream Parlour, shops and musical entertainment all in one area.

Kids and Teenagers

So much fun.

For kids and teenagers, life on board a cruise ship is a real adventure. They can forget all about boredom: on board they'll find new friends, fun games, and parties and tournaments for all ages.

Peppa Pig welcomes our youngest guests into her own world, surrounded by settings and decorations from the life of this world-famous character.

Who wants to be a Princess or a Captain for a day, with costumes to get dressed up in and souvenir photos taken? You can with Costa.

All our activities are exciting thanks to the Squok Club areas with swimming pool and games rooms for all types of fun. Everything takes place under the expert, watchful eye of our dedicated entertainment staff.

And older kids can let off steam with games and sports in fun settings, giving them the perfect chance to make new friends.

For Costa, food is always important too, and there are plenty of healthy, well-balanced kids menus all with an extra ingredient: fun.

Wellness

Make your body happy.

On holiday our body and mind need special attention, and Costa knows it. This is why every ship has areas equipped for both wellness and sport.

If you want to be pampered, head for the wellness area that has everything you need to stay beautiful: hairdresser, masks to refresh and tone the face, hair removal and manicures, to keep you looking your best. And then there are saunas, Turkish baths and beauty treatment areas, where you can refresh your body with the ancient art of massage.

All in a real floating spa, wrapped in your bathrobe and sipping a

purifying herbal tea, as you watch the wide open sea before you. On board you'll also find a well-equipped fitness area. Here you can run towards the horizon thanks to the large window in front of the treadmill or, if you prefer, you can jog on the panoramic outdoor track with the sea breeze to egg you on. There are excellent instructors for pilates, yoga or group cycling, depending on whether your body needs to be rebalanced or whether it requires more demanding workouts.

Chef Barbieri

A journey through flavours.

When the beautiful experience of a journey by sea meets the excellence of a menu by a chef whose qualities as a genuine innovator are based on the solid foundations of Italian cuisine:

This is the exclusive new menu that Chef Barbieri has devised for Costa. This historic menu celebrates his 40 years as a chef, a kind of "Best of Chef Barbieri", served only to Costa guests in its floating restaurants.

Each dish reflects a memory, a recollection whose fascination produces

combinations, flavours, servings, and pleasure for all the senses.

From his training, learning traditional Emilian cooking, country life, and the teachings of his grandmother to his first professional experiences on the Romagna Riviera, on ships and then in his Michelin-starred restaurants.

Encapsulating the thrills of a voyage in a dish is the work of an artist who combines his career, his experiences, his techniques and his ingredients, in a constant pursuit for flavours that convey great emotions when we taste them.

www.costacruises.co.uk

Our food

An exploration of flavours.

Every day at breakfast, lunch, dinner and snack time, you'll enjoy delicious recipes that embody the essence of tradition by using top-quality ingredients that are in keeping with sustainability and responsible consumption, and you can do it in the main restaurants, at the buffets or in the numerous paying eateries.

You can try the cuisine of the Samsara restaurant to discover sophisticated, unique combinations, the mastery of the chefs at your table at the Teppanyaki restaurant for a fun experience, and if you're looking for something for the whole family, you should try a Pummid'oro pizza, made using dough with yeast starter and PDO ingredients.

20

Mozzarella and ice cream are always delicious and totally fresh because they are made every day on board.

An extensive wine list, the result of working with the Wine Bank of the University of Gastronomic Sciences of Pollenzo: a huge selection of the finest Italian and international varieties.

When at sea, you can try some sophisticated Ferrari bubbles at the wine bar or a pleasantly refreshing Aperol Spritz by the pool.

At the theatre

A seat by the sea.

All the sea's a stage, with a different show every evening providing the perfect finale to your day. This is what Costa's entertainment is all about.

The artists that take part in the shows all are consummate professionals: dancers, singers, magicians, acrobats, all with their own thrilling, crowd-pleasing routines.

The show features classic pop songs and wonderful costumes, in a kaleidoscope of light and colour.

There's also an "Of The Sea" version of the television show The Voice, where you - the audience - can get involved up on stage singing for the judges, who will give you their opinion of your vocal talent: it's great fun!

And the entertainment continues away from the theatre too, in the lounge bars with music and dancing, lighting up your evening and putting a smile on everyone's face. Just hop on board and join the show!

www.costacruises.co.uk

Fun

We know how to make you smile.

You'll never get bored on board because there's always something fun to do with new friends, with your children or even on your own.

With all it has to offer, you'll be spoilt for choice. 4D Cinema, Casino, games rooms, a disco and a spectacular shopping gallery with beautiful shops, whatever your taste or budget.

The whole family will find just the entertainment they're looking for, and with the help of the "I Love Surfing" offer, you can always stay connected to share your wonderful experiences on your social

networks. You can take photos and upload them to make your followers envious.

And when you're so relaxed that even taking a selfie is too much effort, our onboard photographers are on hand to capture your best side.

Whatever kind of fun you're looking for, our trained and qualified staff are there to help out, because it takes serious professionals to guarantee real, all-round fun.

Heading towards the future

Designing a better future together with us.

Try the experience of a unique journey, exploring new horizons and new cultures while respecting the environment and the communities you meet along the way. To achieve this we have chosen to follow a new path, to look towards the future, putting a commitment to respect our planet's resources at the heart of what we do. Together with you we want to create a different and authentic way of exploring the world, discovering its hidden beauty and riches, and becoming travellers who act ever more responsibly. Because holidays can also be the perfect time to share the value of feeling good together and in harmony with everything around us.

Find out more on website www.costacruises.co.uk

Reducing food waste and donating good food to communities

In Costa all our passion goes into creating an extraordinary culinary experience: food has an extremely important value for us that goes beyond quality. Respecting what we serve at your table is essential.

This is why, via our **4GOODFOOD** programme, we want to **reduce food waste on board by 50% by 2020**. It's a big challenge that begins in our kitchens and leads all the way to our restaurants and buffets. And it is precisely here that together we can make a difference.

Taste don't Waste is the awareness campaign that kindly asks you to put only what you want to eat on your plate, while enjoying the flavour of what you do eat to the full.

With your help we can support the Gardens in Africa project of the Slow Food Foundation for Biodiversity, a non-profit organisation. We have already opened our first 50 gardens in Mozambique, Tanzania and South Africa, and we are sure that many other farmers will be able to create new ones with our support.

Fondazione Slow Food
per la Biodiversità
ONLUS

But our commitment and love for food go even further: together with the Food Bank we donate meals that have been prepared but not served on board our ships to charities in the ports we call at. From July 2017 to November 2018 we donated more than 70,000 portions of high-nutrition food to 7 charities in the ports of Savona, Civitavecchia, Bari, Marseille, Palermo and Barcelona, and our charitable journey continues. We want to do the same in other ports in the Mediterranean and around the world.

Our commitment goes further.

Respect for the sea and our surrounding environment means a commitment to implementing a course of responsible innovation, focusing on minimising the impact generated by ships, paying special attention to reducing emissions, to optimising consumption and to recycling and recovering the waste produced on board. Here's an example of what we do.

We use desalinated water and in one year we have **reduced consumption by 2%**.

2/3 of the water on board comes from the sea, with the help of systems that

remove salt from the water, purify it and make it perfectly safe to use.

We take our water from low-impact areas, avoiding ones where there are water shortages.

On our ships **100% of waste is separated and recycled**.

We recycle aluminium cans: in 10 years **we have collected and recycled 425**

tons of this precious material.

We have been committed to reducing the use of plastic for years and replacing it with completely biodegradable material.

All our glasses, plates and straws are strictly made of **Mater Bi**, and disposable cutlery is made of wood.

We have introduced bath foam and shampoo dispensers to our cabins, to avoid the use of disposable containers.

Costa Crociere Foundation

Together for the right to happiness.

Through our Foundation we combat poverty, social exclusion, and violence against women, and we fight to improve the environment. Because if people are in a bad place, they can't be happy. Some of the many projects implemented since 2015 can be experienced directly by guests on a Costa holiday. For example, when you buy a fair-trade souvenir at the Bottega dei Miracoli in Pisa, or have lunch at the Altrove bistro in Rome, both of which are the result of training programmes and job placements for underprivileged young people. And it is thanks to a Costa Crociere Foundation initiative in collaboration with AISM (Italian Multiple Sclerosis Association) that the "Adagio Tours" were created: group excursions completely accessible for all people who want to enjoy their destination at a more relaxed pace. They are tested so that everyone can enjoy them, including parents with strollers, the elderly and guests with motor disabilities.

For People

We are always looking for projects that can produce lasting and sustainable change for those who need it most. We do this because we believe that happiness should be everyone's right.

This is why the Foundation selects, finances and implements socially conscious projects in collaboration with some of the most authoritative and innovative non-profit organisations, capitalising on the resources Costa provides and the many guests who choose to donate. Find out how you can help us bring a smile to people's faces, on board or on the website.

Round the World

The world of the sea

Just like the seagulls that come to greet us from the coast, we are ready to reach the land we are slowly approaching and we start having a clearer view of its beautiful sights.

At first we only see the contour on the horizon and then, it is as if a masterly painter was filling up that land with colourful strokes defining its colour, vegetation, buildings and coast to complete a painting of renewed beauty.

And, each time, it's an emotion that comes back every day, in a series of memorable moments both on land and on board.

The round the world tour is a sum of experiences condensed into one great and beautiful adventure.

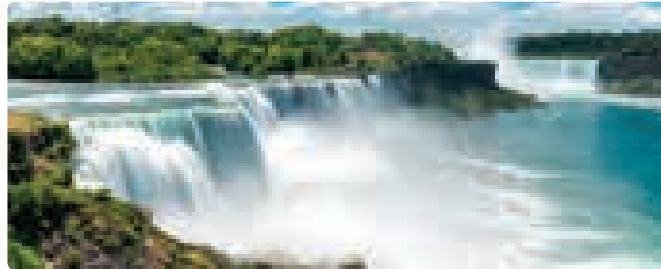

The secret is going with the flow and devoting our senses to discovery, new things and enjoyment.

So, while on board life flows peacefully and comfortably, endless beautiful sights fill our hearts with the most beautiful holiday on the sea of our lives.

CostaTours

With every port that we stop at, our holiday on the sea turns into the chance to enhance, on land, what we started gaining from our exclusive perspective of the sea. Book your excursions on MyCosta before your departure or on board where staff is always available for your every need.

Dubai, Oman and UAE

Dubai, reflections of wonder

Every view is a mirage in this world suspended between desert and sea.

A harsh land made hospitable by mankind. A constant pattern of lights reflected by the huge windows of the tall skyscrapers redefines the everyday life of a place that exists thanks to the talent of those who conceived it and those who created it. Yet, there is nature all around Dubai, the harsh environment of the desert to be explored in a jeep or with a dinner at dusk among tame camels and trained falcons, and the immense expanse of the sea offering invaluable views with incredible dives and joyful dolphins.

Its skyline is constantly changing, because there is always something new being built here as part of an ongoing challenge. This also applies to life, which here is a relentless buzz of business and fun, among international offices and sumptuous hotels. As we walk among the skyscrapers, we do some window-shopping, where the world's most important fashion designers showcase the results of their creative flair.

Orient

Orient on the sea

How many facets are there to Oriental charm? As many as its beautiful sights.

It is this fairy-tale atmosphere that brings to our journey of wonderful discoveries. From the canals of industrious and varied trade, to the smell of street food where you can taste everything made there-and-then by masterly and extremely fast hands. The richness of the buildings, where huge golden Buddha statues stand along modern, sparkling buildings.

The charm of Japan, with so many and such varied sights, leaving us dizzy and undecided between the hectic rhythm of the metropolises with colourful neon lights and the essential peace in the silence of the temples.

And then a wild nature that releases all its heady scent: a mix of fruits, spices and flowers, so typical that they make these lands recognisable to the nose as well. Endless beaches, a legend for entire generations, thick woods, rushing rivers and secret mysteries. Words alone cannot describe the East, you need to discover it.

Indian Ocean and Maldives

Indian spirit

Whether it is the sea, which here, among white atolls, is truly unique, or the cities in a mix of technological future and old tradition, where there are millions of people constantly moving and working hard, cruises in the Indian Ocean are always stunning.

Every leg of the journey, every excursion conveys the spirit of the local people, which retains gleaming beauty.

Graceful movements, delicate features, gentle words reflect places where nature still generously offers its fruits.

Even though there are many signs of the European presence due to the spice trade, the various styles coexist and add to the modern charm of these places, which is the result of the sometimes hard and complex history of these lands.

We are blown away by the colours. From the hues of the boats to the houses, flowers, fruit and the shades of the sea, bursts of light among the coral reef and sunset on the beach.

Caribbean

The Caribbean, a full load of energy

The Caribbean islands are like diamonds scattered across the velvety blue sea, making the fabric even more valuable and unique.

Do you like the sea, the sun, good food and living to the rhythm of music? Then the Caribbean is the right place for you. Whether you enjoy snorkelling or have a licence for deeper dives, everything you will see underwater is unrivalled around the world. The crystal-clear water makes sightings easier and makes us feel truly part of a fairy-tale setting.

However, we will find a land ready to amaze us and entertain us also when we leave the exciting blue sea. Rum, coffee and spices fill our senses with heady enjoyment.

Food, music and dance complete a form of bliss made unique by the friendliness and hospitality of the local people.

Back to the cold European winter with a beaming smile and a full load of energy to keep us going till spring.

Great Cruises

Time while travelling

Being a traveller also means being aware of time and, by doing so, turning it into the ally of our journey. We learn to appreciate the value of the days as we cross the ocean, when the sky blends with the sea on the horizon. We follow the sun as it slowly sets, until it sinks into the sea, which gradually becomes darker and we discover the brightness of the stars in a moonless night in the open sea.

A holiday on the sea is also an opportunity to meet new people, new fellow travellers with whom you can enjoy all the ways we pamper you on board so that you reach every port ready for new thrills and new things to enjoy at every new destination.

Many types of scenery await us, sometimes glorifying the sea, sometimes nature or man's ingenuity. We cross legendary places such as the Suez Canal, we see the skyscrapers of Dubai as we approach them, we cross the Pillars of Hercules, the symbol the end of the known world and now the beginning of intense adventures. Travelling through history, culture and nature we enjoy intense days that offer lasting memories of the places, faces, scents and flavours of a true sea holiday.

CostaTours

With every port that we stop at, our holiday on the sea turns into the chance to enhance, on land, what we started gaining from our exclusive perspective of the sea. Book your excursions on MyCosta before your departure or on board where staff is always available for your every need.

Mediterranean

The Mediterranean, a historical stage

Myths, legends, traditions, history: the Mediterranean really is the cradle of Western civilisation. The coasts of the countries that have seen the Greeks and Romans turn into the masters of the world are located in the Mediterranean. The cradle of mankind's birth is the sea off the coasts of mother Africa.

These waters have seen the greatest feats of navigation, the transport of valuable goods and hidden treasures, epic adventures and great battles. The stories of men have intertwined with the waves and are encrusted with salt.

Men, warriors, heroes, scientists and sailors have left ports to reach other ports, to blend in with other people, to expand trade, study lands, merge styles and cultures. Hence we encounter a lesser known Italy, the golden life of France, the cheerful and proud Spain, generous Africa and the islands of fun. We land in ancient Greece and historical Malta.

Even in the most beautiful places, where nature reigns unrivalled, there is a clear allusion to the past, a sign that takes us back to the memory of ancient history.

Northern Europe

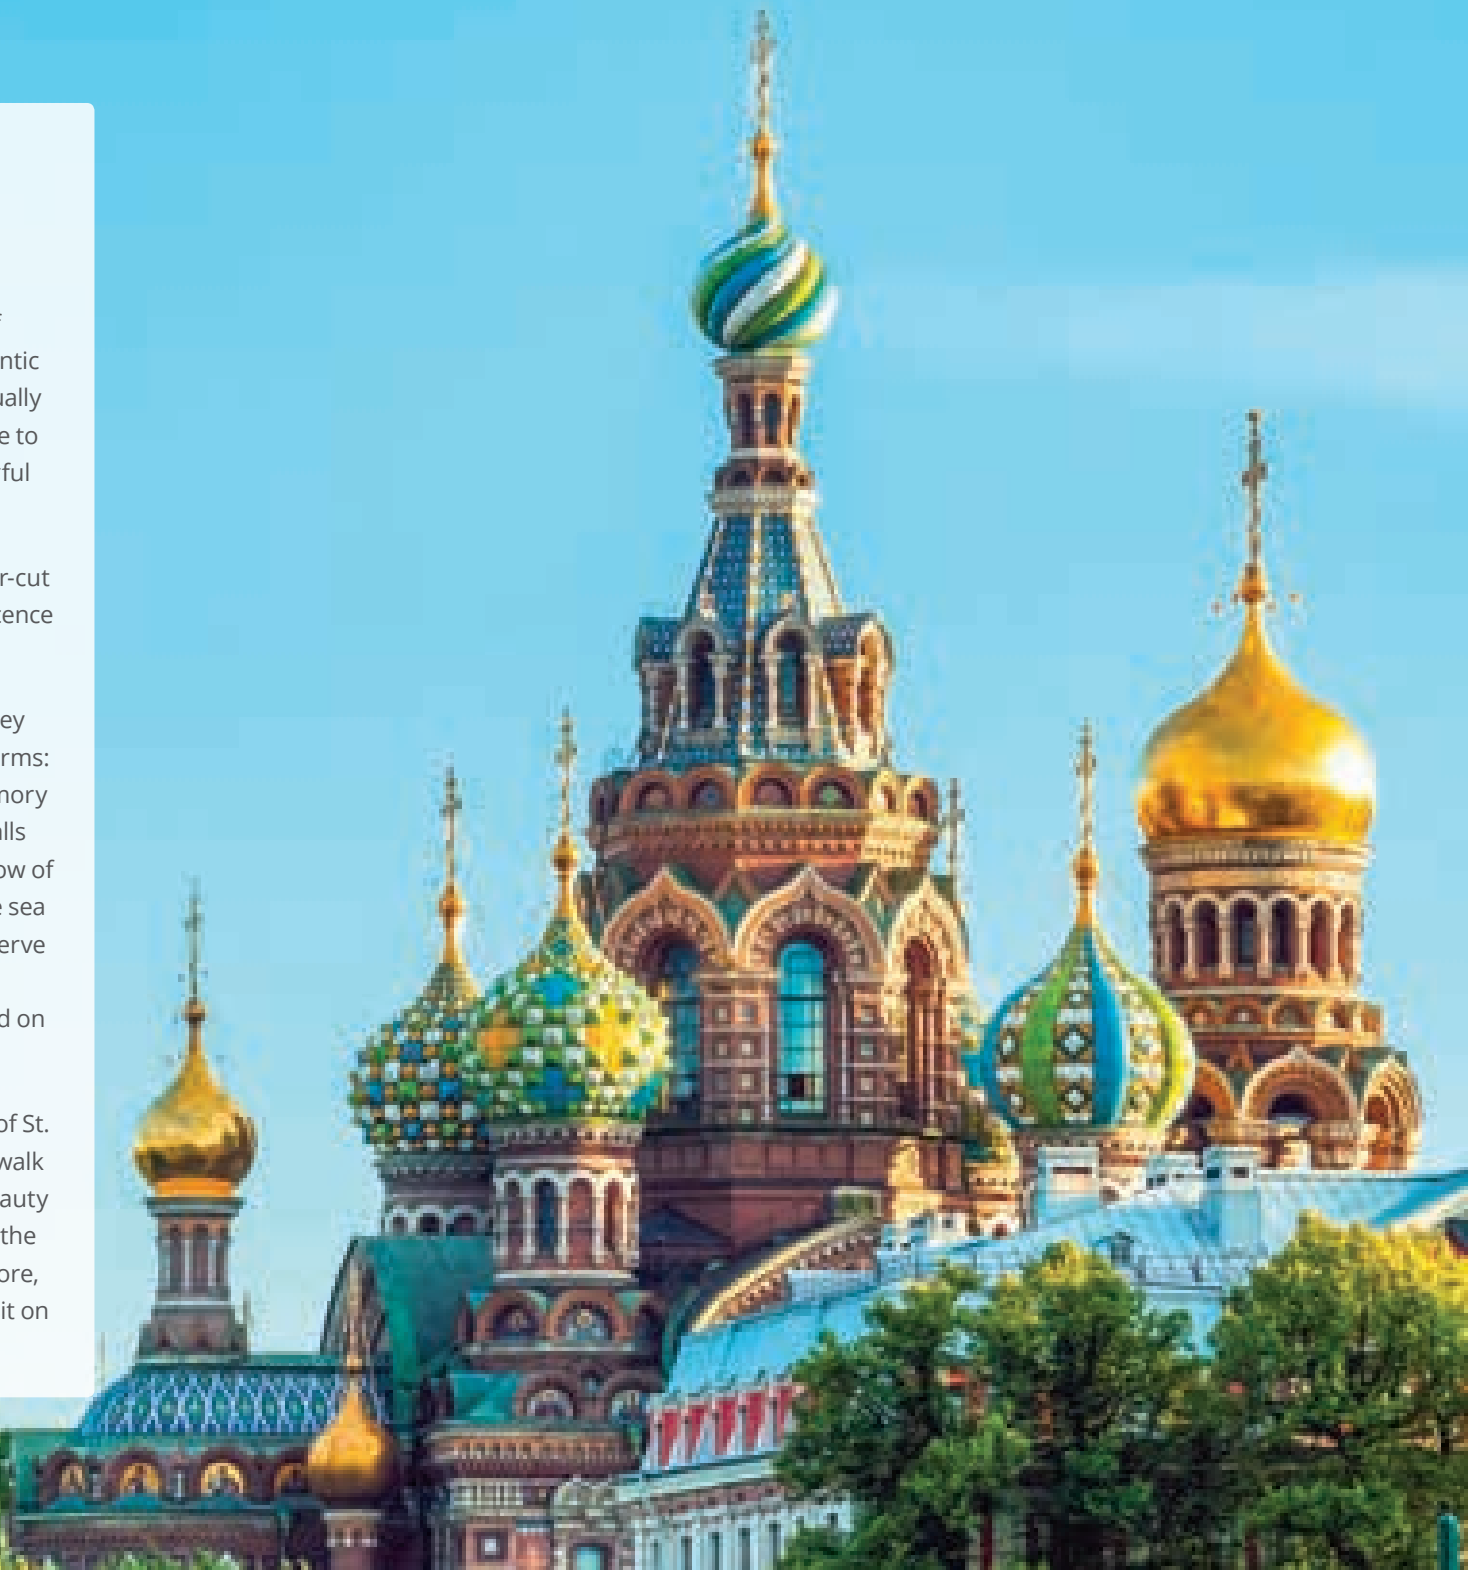

The nature of the North

The cruises of the north are a truly unique way of visiting these lands. Reaching the coast, with gigantic fjords rising above it, discovering a sea that gradually becomes a darker shade of blue, almost black due to the white glaciers, visiting small ports with colourful houses and wooden piers.

There are no nuances here, everything has a clear-cut quality: the vivid colours of clean air, the magnificence of the glaciers, the might of the fjords

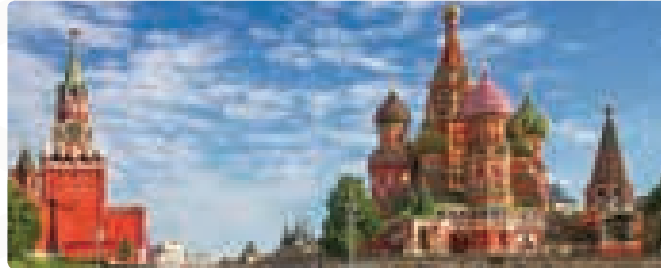

You have the feeling of a looming nature whose key element is water, water that comes in different forms: there are glaciers that capture the millennial memory of the world, there are the noisy and vital waterfalls that crash with a musical din, there is the rapid flow of the rivers into the sea, and, of course, there is the sea that we sail on slowly through the fjords that observe us like stone giants as though guarding the small villages of sailors and fishermen that are reflected on the calm sea.

The charm of the gilt buildings shining in the sky of St. Petersburg, the cafés of Amsterdam, a romantic walk in Paris and shopping in London, the reserved beauty of Stockholm, the modern design of Helsinki and the youthful friendliness of Dublin: this, and much more, is what some of the European capitals that we visit on our cruises up north offer.

CostaTours

With every port that we stop at, our holiday on the sea turns into the chance to enhance, on land, what we started gaining from our exclusive perspective of the sea. Book your excursions on MyCosta before your departure or on board where staff is always available for your every need.

Info and Services

What's included

Are you ready to set off on your first Costa Cruise? Have you chosen your preferred itinerary, the right time? Before running to pack your bags, read this: it is a brief summary of the conditions included in the price and some information that will help you plan and get the most out of your holiday.

At your service

You're on holiday, right? That means you can leave everything up to us: we'll deliver and collect your luggage in your cabin, with dedicated cabin staff. You'll be assigned a table at the restaurant for dinner, where our staff are ready to serve you, with care and attention. Anything you're not sure about? Any questions? Our Guest Services is open 24 hours a day and the Tours Office is at your disposal for information about shoreside excursions. Or you can use the CostaApp to find out all about the services on board, the day's activities or to pay for excursions yourself.

Your cabin

Depending on the rate you have chosen, you'll have different privileges. Take a look at the leaf on the cover for a clear and simple explanation of all the advantages for each rate and what is included.

More delicious mealtimes

Our full-board service means there will be chances to sample our cuisine throughout the day, with plenty of options to choose from at mealtimes: from the informal buffet by the pool to our elegant restaurants. You can also have breakfast in your cabin or order 24-hour cabin service (excluding the Basic rate).

Raise a toast to your cruise

On your Costa cruise it's great to be able to treat yourself to a good cocktail, to choose the just the right wine at mealtimes, or to enjoy a tasty soft drink by the pool. There will be plenty of chances to enjoy a drink for the whole of your cruise. Choose the Deluxe and All Inclusive rates and drinks are included in the cost.

A ship all for you

The lounges, the theatre, the disco, the library. The large outer decks, swimming pools, jacuzzis and solarium with sun loungers, beds and towels. Fully equipped gym.

Outdoor jogging track. Multi-sports pitch and table tennis tables (on some ships).

Activities on board

By day, games, treasure hunts, tournaments, karaoke, dance lessons, group aerobics courses, gentle gymnastics and aquagym. By night, live music, theatre shows, theme parties, dancing in the lounges and in the disco.

Activities for children

Entertainment for children from 3 to 17 years old, with the help of specialist staff during the day and in the evening. Dedicated "Squok Club" areas and swimming pool reserved for children (on some ships). Kids menu in the restaurant.

Transfers

Connecting flights to and from Italy and transfers to and from the airport and the port for cruises to Dubai and United Arab Emirates, Caribbean, Indian Ocean, Northern Europe and Grand Cruises (only for guests who have booked the Costa cruise+flight package). Boarding and disembarkation transfers when anchored offshore. Costa assistance in the main airports and in the main railway stations.

Services with an extra charge

There are few items that are not already included in the price of your cruise and they essentially regard services that may or may not use at your discretion: drinks, if you choose the Basic rate, excursions, phone, internet, hairdresser, spa, laundry, medical service, photographer, purchases in the onboard shops, Samsara Restaurants, Pizzerias and Teppanyaki restaurant, video games, Casinos, and other attractions available only on some ships (4D Cinema, Star Laser). If you choose the Basic rate for all on-board hotel services, a service charge will be added to your Guest account each day, depending on the days you have actually used services.

Beverages Packages

Hot? Cold? Sparkling? Fruity? The choice is yours!

Making a toast, a drink to quench your thirst or to relax or to spend time in good company, or a tasting session: drinks are an integral part of your holiday, just like the sun and the sea. With our beverages packages that we invite you to buy before you leave, you'll find just what you're looking for. Choose one of these packages: Brindiamo, Più Gusto, Intenditore, and the soft drink version, Giovani.

Brindiamo

The perfect package for guests who want to relax and have their favourite drinks available by the glass at any time of the day. Coffees and cappuccinos, soft drinks and refreshing beers, the most popular cocktails and a good selection of wines and liqueurs (18 years or older). For guests who choose the All Inclusive rate, the package is included in the cruise price.

Più Gusto

The package for guests who want it all, hot and cold drinks, soft drinks, cocktails, wine selections by the glass at the restaurant, and mixed drinks for after dinner (18 years or older).

Intenditore

For real spirit and champagne connoisseurs who want to enjoy premium drinks at a convenient price on holiday too: unlimited drinks served by the glass from drinks priced up to 9 euros on our Bar Menus. This is the only package that also includes all drinks in the minibar or drinks served in the cabin (18 years or older). For guests who choose the Deluxe rate, the package is included in the cruise price.

Giovani

With the Giovani package, kids and teenagers can enjoy soft drinks, coffee, cappuccinos, smoothies and juices, and hot chocolate. This package must be combined with one of

the beverage packages for adults - Brindiamo, Più Gusto or Intenditore. It includes a selection of unlimited soft drinks by the glass in the restaurants and bars (for 4 to 17 year olds). If you are more interested in the drinks that will be served with your main meals, try the Pranzo & Cena offer.

Pranzo & Cena

For anyone who likes a nice glass of red wine or a cool beer with their lunch or dinner, and who wants the complete freedom to buy an à la carte Italian aperitif or digestive after dinner. You can enjoy a selection of unlimited wines, beers and soft drinks by the glass every lunchtime and dinnertime (18 years or older). The Pranzo & Cena Package is available for guests under the age of 18 with soft drinks.

People who travel together, either as a family or in a group of friends, with the same booking number, can pre-purchase beverage packages for the whole group, with different prices depending on the age of the people in the group. Prices include the 15% service charge. Soft drinks are free for children from 0 to 3 years old, if parents have booked one of the all-inclusive beverage packages.

Beverage Packages can only be purchased and used by individual guests and cannot be shared. The chosen beverage package must be purchased by all guests in the same cabin, or with the same booking number and/or travelling together.

We would like to remind you that you can book your beverage packages in advance on www.mycosta.com or through your travel agent or by calling 0800.3890622 (free call from both landlines and mobiles).

Only valid for All Inclusive and Deluxe rates.

How to request a refund

Guests who purchase one of the cruises included in the initiative, up to 31 December 2021, if they are dissatisfied, can request a refund of the amount actually paid during the booking stage, with the following conditions.

Guest Services on board the ship must be informed of the guest's dissatisfaction within 24 hours after the time of boarding, and at least 2 (two) hours before the scheduled departure from the next port after the boarding port (the time of boarding means the date and time when the guest has had access to the ship and has been entered in the on-board systems), filling in all sections of the printed form that they will

be given on board. The guest must check before departure that they have their identity document and any visas required for disembarkation at all the stops on their chosen cruise and check their expiry dates.

If a guest does not have the necessary documentation they will not be able to disembark and will not be entitled to a refund. The refund will cover the amount actually paid by the guest, including port taxes, registration fee, service charges, any flight and/or train costs and any secondary services that have been purchased but not used. The refund does not include any costs incurred by the guest on board for goods and/or services that they have used/enjoyed - even only partially - and any optional insurance. The guest will be refunded within 30 working days after the notification of dissatisfaction via bank transfer, or, by the travel agent if the cruise was booked through a Travel Agency.

When the guest has duly notified their dissatisfaction, they will be disembarked at the first convenient port and taken back to the boarding port/departure airport, at the expense of Costa Cruises. The guest's transfer will be chosen and organised by Costa Cruises and depending on the timetable and the port the guest disembarks at may involve a plane, train or bus journey. Guests who refuse the transfer from the disembarkation port to the boarding port/departure airport organised by Costa Cruises will not be entitled to the refund. The data contained in the Refund Request Form will be processed by computer/paper for the sole purpose of managing the refund and returning the guest.

Guests with special needs

Costa Cruises wishes to satisfy the needs of all those who want to experience a cruise but who have special needs, mobility problems, visual impairments or other disabilities. International regulations require the Company to be aware of any "needs for personal assistance in the case of emergency" (wheelchairs, etc.) of its guests in order to make the necessary arrangements. This information must be provided at the time of booking through the travel agent or directly to Costa Cruises and again on boarding. We recommend that guests with special needs who require special medical assistance and/or equipment travel with a companion and inform the travel agent or Costa Cruises when booking of the dimensions of the any equipment necessary, e.g. a wheelchair. It will be our pleasure to offer the "cruise only" section of trips free of charge to companions, provided that they travel in the same cabin as special needs guests. To obtain a free cruise ticket for companions, Costa Cruises must be informed by the Guest at the time of the booking confirmation. Costa Cruises must receive all the necessary documentation within three working days of confirmation. Guests travelling with a companion will be given a cabin for people with special needs. Companions will be carried free of charge until all special needs cabins are filled, however the Family Special promotion is not valid. If three or four adult Guests are making the booking, the companion will be assigned the third or fourth bed free of charge. If a Family

Special booking is made a supplement of 50% of the adult fare will be applied for the third or fourth bed. If a double cabin is occupied by an adult and a child paying 50% (One and Half fare), the free ticket will be applied to the child's fare. We would also like to remind you that in some ports disembarking may be problematic for Guests with motor problems, especially offshore. Our ships have several cabins equipped for disabled guests, which are marked with a letter H on the ship plans on the following pages. For further information please visit our webpage at www.costa.it/esigenzespeciali

Special requirements for air travel

Any special requirements regarding seating on flights must be made at the time of booking.

Costa Cruises cannot guarantee that they will be met. For further information please visit our website.

Children and Infants Policy

Children under the age of 18 can only travel on board our ships if they are accompanied by an adult. Babies will not be admitted on board if they are less than 6 months old at the time of boarding; this increases to 12 months on Grand cruises, on Around the World cruises, on cruises lasting 15 days or more, and on any other itinerary that cannot guarantee the total protection and safety of our youngest guests. Children under 3 years old on a shore excursion with an adult travel free of charge (no seat is allocated).

- Cruise ticket
- Boarding form
- Luggage labels
- Flight and/or train tickets (where applicable)
- A list of services purchased

In these travel documents you will also find information on documents and visas, boarding and disembarkation and emergency telephone numbers. For further information about the procedures and timing of sending your travel documents, please contact your travel agent. You can also access the personalised section of our website at www.mycosta.com by entering your name, surname and booking reference number, where you'll find

- A booking reminder
 - A cruise e-ticket (if you have paid the full amount owing for your cruise)
 - Services you have booked or paid for
- And much more information.

Passports and visas

In order to avoid problems at departure, we kindly ask you to carefully check the validity of your documents and to be in possession of what is required for the cruise. If any guest does not possess the required documentation they will be denied boarding and will not be entitled to receive a refund for the cruise ticket.

Italian citizens residing in Italy - You must have a passport valid for all countries visited during the cruise, or an identity card valid for foreign travel, as indicated on the website for the respective travel itineraries.

Foreigners resident in Italy - We recommend that you check your identity document is valid or if you need a visa at your consulate. If a guest has a residence permit, they must bring it with them.

Please note - Travel documents may be retained by crew staff on boarding and withheld for the entire duration of the cruise so they can be shown to the various port authorities. If necessary, guests may request their documents back temporarily.

Tourist visas - We would like to remind you that guests are responsible for obtaining the necessary visas to enter countries visited on their cruise at embassies/consulates before leaving Italy. Guests must also check at the time of booking and closer to the departure date if other visas are required and if there are any changes with respect to the information provided in travel documents. Costa Cruises cannot be held responsible if guests do not possess the necessary visas.

Special note for India, Sri Lanka, China and Australia - For stops in India, Sri Lanka, China and Australia, a tourist visa is required, which you must apply for prior to departure, in accordance with the instructions of the country's consulate/embassy. Only for the stop in Sanya (China) in transit, the visa is issued on arrival in the country and the cost is added to the guest's onboard account.

India - A visa is required. Guests must apply for it prior to departure by following the instructions of the embassy or consulate. Only where explicitly indicated, prices include costs for obtaining the entry visa to India, which will be paid for by Costa only if the guest makes use of the appointed Agency when booking.

The costs of issuing visas via different agencies will be paid for by the guest.

United States - All passengers must have an electronic passport only on trips that involve stops or transit in the United States. Children must also have their own electronic passport: they cannot be registered on their parents' passport. From 12 January 2009, electronic travel authorisation for citizens of countries in the VWP programme is also required, including Italy.

At least 72 hours before departure guests travelling to the United States without a visa must fill in the online application form on the ESTA website (Electronic System for Travel Authorization <https://esta.cbp.dhs.gov>).

The receipt with the authorisation number will be required when

departing for the United States. All guests, including children, who are in possession of a valid passport that was issued prior to the introduction of electronic passports, or with passports that do not meet the requirements mentioned above, need a non-immigrant entry visa to the United States. You can find more information on how to obtain a visa for the United States on the website <https://it.usembassy.gov/it/>

Egypt - On all cruises that stop at Egypt an identity card is also valid as a document, but we would like to remind you that the Egyptian authorities do not allow people to enter the country who are travelling with an electronic identity card that has been renewed with a certificate (a paper slip certifying renewal of the document for more than 5 years), or a paper identity card renewed by stamp.

Travel documents for children under 18

On all cruises that require a passport as travel document - Children under the age of 18 need to have their own valid passport. From 26 June 2012 children can no longer travel on their parent's passport.

On all cruises that require an identity card that is also valid as a foreign travel document - Children under 18 years of age must travel with their own passport or identity card (N.B.: for Italian children under 14 travelling with an identity card, if the name of the parent/guardian is not mentioned in the document, a birth certificate proving maternity/paternity is required).

If a child under the age of 14 is not travelling with one parent, or is accompanied by people who are not his or her parents, or by his or her guardian or by anyone registered in the child's documentation, you are kindly advised to check with the relevant authorities what documentation is required for the child to travel. If a child under the age of 15 wishes to travel only with a birth certificate with photograph validated for foreign travel by the relevant authorities as a travel document, this must first be verified with the relevant authorities. Whether this document is accepted or not by local authorities depends on the regulations in force in the countries visited by the ship on the chosen itinerary (for example in Egypt, Morocco, Gibraltar and Iceland a birth certificate is not valid).

Note for flights between the European Union and the United States Under US Law and in accordance with an International Agreement between the European Union and the United States, the US Department of Homeland Security (DHS) will receive certain travel and reservation information (known as PNR - Passenger Name Record) about passengers flying between the European Union and the United States. The DHS has undertaken to use this information primarily for the purposes of preventing and combating terrorism and other serious transnational crimes. This and other information may also be used to check whether passengers feature on the lists of people raising security concerns. The PNR data will be kept for at least three years and six months and may be shared with other authorities.

Further information on these arrangements, including measures to safeguard your personal details, can be obtained from your airline or travel agent or from our website www.costacrociere.it. From 6 September 2010, the United States authorities require passengers booking a cruise with a flight or flights to/from the United States

to provide the following information when booking or purchasing a plane ticket: full name, sex, date of birth, nationality, passport number, expiry date, and date and place of issue. Without this information, boarding procedures may be compromised and extra costs may be incurred (if a new ticket has to be purchased). Passengers may even be denied authorisation to embark by U.S. authorities.

Please give this information to your travel agent when you book your cruise. Costa Cruises cannot be held responsible for guests who do not follow this procedure or for any objections from guests. More information can be found on the TSA Secure Flight Program website at www.tsa.gov

VACCINATIONS

At the time this brochure went to press no specific vaccinations were required for Italian citizens resident in Italy.

On your cruise

SECURITY CHECKS

For the security of all Guests, onboard Security staff will perform checks on all people and luggage when entering and leaving the ship in all ports of call. Checks are carried out with X-ray machines and metal detectors. We inform you that, for security reasons, each item of luggage may weigh up to a maximum of 20 kg and we recommend that you bring one per person. The size of hand luggage must not exceed 55x35x25 cm, so that it can be inspected by X-ray. Medicines, computers, photographic equipment, valuables and delicate items must be carried in hand luggage. Please cooperate with our personnel to make this procedure smooth and efficient. Luggage delivered to the cabins is checked on the day you board. We remind you that you are not permitted to bring the following items on board: arms and munitions, explosives, fireworks and flares, compressed or liquefied gases (flammable, non-flammable, refrigerants, irritants and toxic gases) such as camping gases, flare launchers, starter pistols, infectious or toxic substances, corrosive substances, radioactive substances, objects that could be used as weapons, drones, and live goods or animals. We therefore ask you to avoid purchasing antique weapons, knives, daggers, swords or similar objects during shore excursions. If any of these objects are found in your possession, ship Security staff will ask you to leave them behind onshore. We would also like to inform you that, in line with the health and safety standards adopted by Costa Cruises for its Guests, it is forbidden to bring any kind of food or drink on board, in either hand luggage or cabin baggage. The only exceptions are toiletries (e.g. shampoo, bath foam, creams, etc.), medicines, products or foods specifically

made for babies, and products or foods for certified special diets. The ban includes any drinks or food items bought during stopovers in ports. Any local produce purchased on stopovers will be held in store on board the ship and returned to guests at the end of the cruise.

Special restrictions for the Maldives

We must remind you that in the Maldives all drugs and psychotropic substances are absolutely forbidden on penalty of imprisonment. Also prohibited and confiscated by local authorities, with no possibility of being returned, are: pornographic material (sex toys, books, magazines, films, videos, DVDs and software), religious material that offends Islam, idols for worship, casino tokens, animal parts (ivory, turtle shell), pork and pork-based foods, swords, daggers, and alcoholic drinks.

Special restrictions for Thailand

We would like to remind you that bringing electronic cigarettes into the country is strictly prohibited: under local laws, offenders may be fined, or in more serious cases, arrested.

SAFETY ON BOARD

Once you are on board the ship, we kindly ask you to familiarise yourself with the ship's safety procedures by reading the information on the back of your cabin door.

We also recommend that you take a few minutes to watch the safety video that's on screen when you first enter your cabin and that you take a look at the daily programme to see what time the emergency drill that you have been invited to takes place. Before departure you will be required to take part in a training session that will show you the route you must take to your muster station. The procedure is very simple because our staff will be positioned in the corridors to help you reach it and because you can see the exact route on the back of your cabin door. You should wear suitable clothes for the drill, bearing in mind that it finishes outdoors, and remember that you should wear your life jacket when taking part. When you reach the muster station you will be shown the procedure to be followed in case of an emergency so that you can familiarise yourself with it. The safety of our guests and crew has always been Costa Cruises' utmost priority. All crew members have a BST (Basic Safety Training) certificate, issued by a recognised international training centre, and also take part in a very intense training programme to familiarise themselves with the ship, with further training for the whole duration of their time on board. Depending on their role, staff also receive other types of special training. For example, the firefighting team is regularly sent ashore to training centres to take part in exercises, with simulated fires that they have to tackle using the techniques they have been taught and putting into practice what they have learned from qualified instructors from professional Italian and foreign firefighting teams, who help us with this type of training.

FOOD AND RESTAURANTS

Special diets

These can be catered for if requested and agreed on when booking. Guests can indicate their special dietary needs - diabetic, gluten-free or other types of allergies/intolerances. Special dietary requirements can only be safely catered for in the Main Restaurant and not at self-service restaurants. To ensure that the service operates efficiently, please reconfirm your requirements with Guest Services when you board and with restaurant managers. Should passengers bring dietary items with them from home (which must strictly be packaged and sealed), the onboard Maître must be informed immediately after boarding, so that the necessary food preparation arrangements can be made.

Vegan Menus

An exclusively vegan menu is available to Guests who make their request known when booking their cruise. There's a range of vegan dishes in the main restaurants, from antipasti to desserts, so you can be sure that mealtimes will be just as delicious as the rest of your cruise. After boarding, please let Guest Services and the restaurant managers know that you requested vegan meals when you booked.

Beverage packages

Beverage Packages can only be purchased and used by individual guests and cannot be shared. They must be purchased by all guests in the same cabin, or with the same booking number and/or travelling together.

Packages that include alcoholic beverages can only be purchased by guests over 18 years of age and in the US 21 years of age. They include a selection of alcoholic and soft drinks served by the glass and are also valid on the day you arrive. Whole bottles of wine and spirits cannot be served. Minibar, room service and premium brand beverages are not included, unless the guest has purchased the Intenditore package. Intoxicated guests will be refused service.

HOW TO PAY ON BOARD

Your Costa Card

You will be given a personal Costa Card on board that you can use straightaway and for the rest of your cruise to pay for any extra services. Everything you spend will be charged to your cabin account, so you won't need to worry about having enough cash on you for your daily expenses. Within 48 hours after boarding you must top up your Costa Card by registering your credit card or by paying a minimum initial deposit of 150 euros/USD per adult (depending on the currency used on board) in cash or by cheque (see the Bank Cheques section). It is also possible to use Bancomat cards (only with cards issued by the PagoBancomat network) to make deposits (see the dedicated section). The initial amount must be topped up with additional payments during the cruise, if more money has been spent on board than the balance available. Your Costa Card will be temporarily blocked within the first

48 hours after boarding if you do not register a credit card (or pay a cash deposit) or if you spend more than 200 euros/USD without registering a credit card or paying a cash deposit. It may also be blocked during your cruise if the deposit you have paid does not cover your expenses.

Credit cards

Registering your credit card is undoubtedly the most convenient, simple and fast solution to get the most out of your holiday. You can register it within 48 hours after boarding at the automatic points located on the ship or with Guest Services. Each day your credit card will be charged with the things you have paid for.

The following credit cards are accepted on board: American Express, Visa and MasterCard. Debit cards, prepaid cards, rechargeable cards, VISA Electron cards, Postepay, Postamat, Cirrus Maestro and Bancomat cards (except for cards connected to the PagoBancomat network) are not accepted. We suggest that you check the type of card you have and how it is used with your bank before departure.

Cash

At the end of your cruise you will receive your bill in your cabin: if you wish to pay in cash you can settle your bill, or receive the difference in cash or by cheque if you are in credit, in a designated room (listed in the daily programme). On some ships there is a self-service cash desk, where you can make deposits and settle your final balance. Refunds will be made in cash in accordance with current Italian legislation, or by bank transfer if sums exceed those permitted by law.

Payment by Bancomat (PagoBancomat network only)

On cruises that use the euro as currency, you can use a PagoBancomat card to make your deposit (initial or additional) and to make your final payment. Both transactions can be made using the ship's automatic devices.

If you have any credit left over at the end of the cruise, you can collect it as indicated in the Cash section.

Bank cheques

Bank cheques are accepted on board if they are issued by Italian banks with branches located in Italy, both for deposits and for payment at the end of the cruise. The maximum amount is € 3,500 per cheque, subject to authorisation by the Centax electronic cheque guarantee system.

On-board currency and Bureau de Change service

The currency used on board is shown in the Service charge table. The Bureau de Change is located at Guest Services and is open at the times shown in the "Diario di Bordo" daily programme. Please ask at the Bureau de Change for information about the currencies that are accepted. The Bureau de Change will not provide cash advances on your credit card.

Service charge

If you've purchased a cruise at the All Inclusive or Deluxe rate, the service charge is included. If you've purchased a cruise at the Basic rate, a daily amount will be charged to your account that covers the hotel services that you have actually used. The amount will be charged each day, just as for the other expenses you incur.

OTHER INFORMATION

Disembarking offshore

It should be noted that in some ports, the ship will anchor offshore to allow guests to disembark for excursions.

Smoking policy

Costa Cruises does all it can to ensure that its smoking policy is enforced on its ships. Smoking cigarettes, cigars and pipes is not permitted anywhere in public areas indoors, except in "Cigar Lounge" areas. Electronic cigarettes may only be used in cabins and in the "Cigar Lounge" area. In public areas outdoors smoking is only allowed in specially designated areas that have ashtrays. We would also like to remind you that smoking is not permitted in cabins, but only outside on private balconies. To avoid the risk of fire, cigarettes must be extinguished and left in the ashtrays provided and never thrown overboard when they are still lit. We would also like to remind you that on board the ships Costa Mediterranea and Costa Victoria there are no public smoking areas indoors. For further information about the smoking policy on individual ships, please consult the website www.costa.it/faq or call 0800.3890622

Beverage Services

A 15% service charge will be added to accounts in the bars and restaurants on board.

Taxes in the USA

Drinks consumed during stops in US ports will be subject to local taxation, with a maximum increase of 20%.

TELECOMMUNICATIONS

Mobile phones

Costa's partnership with various operators means all its ships are covered by satellite, which means all users of the main mobile operators can send and receive calls and text messages and use mobile Internet services at sea. Phones must be able to accept international roaming. Call charges depend on the operator. When sailing close to the coast mobile phones may connect with a land operator. Using a mobile phone on board can be very expensive. Before you board, contact your telephone operator to find out the roaming rates while you are at sea.

Satellite link

On board you can make phone calls from your cabin via our satellite connection. You can also send and receive faxes. Ask Guest Services on board for more details. For telephone and fax communications from shore to ship, the caller must dial the satellite code followed by the ship's number: To find out the numbers, we suggest calling 0800.3890622, which is free from both landline and mobile numbers. 2.7 Booking requests made by minors will not be accepted. Without prejudice to 2.6, bookings for minors shall be made by their parents or guardians or by other adults having the necessary power. The assignment of a higher cabin category than the one purchased and guaranteed and/or on the basis of any commercial promotions shall not entitle the Passenger to benefit from the privileges and rights associated with that cabin category. Cabins of the same or a higher level as the one assigned in accordance with the above may not have a double bed and/or may be equipped for Guests with disabilities.

2.14 Prior to the closure of the contract, the Passenger is obliged to obtain sufficient detailed information regarding the health and safety conditions at the ports of call on the itinerary; the closure of the contract implies the Passenger's awareness of such conditions and their acceptance of the associated possible risk factors.

4. PRICES

4.1 The prices (Basic, Comfort and Deluxe Rates) are all-inclusive to the extent indicated in the brochure, on the website www.costacruiises.co.uk, in the quote and/or booking request and in the contract form signed by the Passenger.

Prices do not include the service charge described in the "Useful Information" section of the brochure and the website. This charge is mentioned specifically in the note under the price of the cruise, both on the website and in the brochure. The service charge will be debited at the end of the cruise on the basis of the actual number of days spent on board.

Passengers will also be asked to pay the following sums: (i) €50 in the case of a name change as per Art. 7 below; (ii) €50 in the case of cancellation at least 45 days before departure Comfort Rates, 25% of the price of the package in the case of cancellation at least 45 days before departure for the Basic Rate, as stated in 6.4 below; (iii) €50 in the case of a change to the vacation commencement date or to the itinerary at least 60 days before departure.

4.2 For each cruise there will be a limited number of cabins available for sale at the prices stated in the brochure.

4.3 In accordance with Art. 40 of the Tourism Code, the prices may be changed up to 20 days prior to the scheduled departure date as

a result of increases – compared to the prices in effect at the time of publication of the cruise program – (i) in the cost of air fares, (ii) in the cost of ship fuel, and (iii) in the duties and taxes on services included in the holiday package, such as embarkation, disembarkation or landing fees at ports or airports. - in case (ii) there will be no price rise for increases in the cost of fuel of less than 10%. For increases in fuel costs of 10%, the price of the lowest cruise category shown in the brochure (excluding any flights, transfers, port taxes, and memberships fees and service charge) will be 3% higher. The increase shall apply to all passengers for all departure dates for the cruise in question. The online brochure is available on the homepage of the website www.costacruiises.co.uk ;
- in case (iii), the full amount of the reduction in duties and taxes.

As regards the Emission Trading Scheme (ETS – “carbon tax”) in accordance with Legislative Decree no. 257/2010, in the event that the relevant conditions apply, the tax payable by each Passenger for each charter flight, charged by the carrier, corresponds to the product of the tonnes of Jet Aviation fuel burnt for each seat/rotation [A], the “average market value” of the pollution for the previous month, as announced by the carrier, n-1 [B], and the coefficient 3.15 [C]. The average ETS market price is public information and can be checked on the website www.bluenext.eu. The amount of fuel consumed per passenger, as declared by the carrier, is as follows:

Flight time to destinations and fuel consumed (per pax)
Up to 2 hrs Italy, Europe, Balearic Islands, Tunisia 0.0701
from 2 to 3 hrs Greece, Turkey 0.0968

from 3 to 4 hrs Israel, Portugal, Russia 0.1380

from 4 to 5 hrs Canary Islands, Egypt, Jordan 0.1555

from 5 to 7 hrs Cape Verde, United Arab Emirates 0.2440

from 7 to 8 hrs Kenya, Tanzania 0.3914

from 8 to 9 hrs Dominican Republic, Guadeloupe, Jamaica 0.4392

from 9 to 10 hrs Brazil, Maldives, Madagascar 0.4769

from 10 to 11 hrs Cuba 0.5022

over 11 hrs Japan, Mexico 0.5307

e.g. a flight to Guadeloupe, supposing that the ETS market price is €6.90 → 0.4392 tonnes [A] x €6.90 [B] x coefficient 3.15 [C] = € 9.55 R/T (approx. €4.77 per leg of the journey).

4.4 The prices are understood to be per person. However, in the event of unused tickets or cancellations resulting in a Passenger being the sole occupant of a cabin, a supplement shall be payable on that cabin.

5. CHANGES TO THE VOYAGE

5.1 In accordance with Art. 4.1 of the Tourism Code, if it is necessary to make one or more significant changes to the voyage, the Organizer shall inform Passengers in writing, notifying them of the type of change and consequent price variation.

5.3 Passengers shall inform the Organizer (via the Travel Agency if they prefer) of their decision to cancel within two working days of the date on which they learned of the change, failing which such change shall be understood to have been accepted.

5.4 If, subsequent to the departure date, the Organizer cannot supply an essential part of the services guaranteed in the contract, they will propose appropriate alternative arrangements to continue the voyage as scheduled in a manner that is compatible with the technical and safety requirements of operations, without any price increase for the Passenger, or the latter shall be reimbursed for the difference between the original services envisaged and those provided, subject to payment of compensation for any further damages sustained by the Passenger.

5.5 In the event that it is not possible to provide alternative arrangements, or the Passenger rejects the arrangements for good reason, the Organizer shall provide an equivalent means of transport to take the Passenger to their departure point or to a different place agreed on, and refund the difference between the cost of the original services envisaged and those effectively provided until the Passenger's early return.

a) the Passenger notifies the Organizer in writing of the details of the name change at least 4 working days before the date of departure; b) there is no reason relating to passports, visas, health certificates, hotel accommodation, transport services or any other factor which would prevent the new Guest from taking the cruise on the same terms as the original Passenger; c) the new Guest pays the Organizer the amount referred to in 7.2 below and, if the package includes an air fare, any service fees charged by the airline for name changes.

7.3 The cruise ticket is transferable only in the event of a name change done in accordance with the previous paragraphs.

7.4 The right to do a name change as per the previous paragraphs is subject to the exclusions and restrictions laid down in binding

regulations, in particular regarding security, which are applicable to the individual services making up the holiday package.

7.5 The Organizer shall regard a request for a name change for reasons other than the Passenger being unable to use the holiday package or a request submitted after the deadline in 7.1 as a full cancellation and a new booking shall be required for the new Guest. In such case the original Passenger shall be liable for payment of the charges set out in 6.4 above and the new Guest shall be liable for payment of the full amount of the holiday package.

8. CANCELLATION BY THE ORGANIZER

8.1 If, before departure, the Organizer notifies the Passenger of cancellation of the package referred to in this contract, irrespective of the reason unless it is due to the fault of the Passenger, the Organizer shall, if possible, offer the Passenger a replacement package. The Passenger shall have the right to choose either to accept this replacement package or to receive a refund as set out in the paragraphs below. The replacement package offered by the Organizer shall be of at least equivalent value to the one cancelled; if the Organizer is unable to offer a replacement package of equivalent or greater value, the Passenger shall have the right to be reimbursed for the difference.

8.2 If the Organizer cancels the holiday package, pursuant to Art. 33 e) of Legislative Decree no. 206/2005, they shall reimburse the Passenger by paying the latter double the amount paid and effectively collected, except in the case of force majeure, fortuitous events, lack of the minimum number of participants required or refusal by the Passenger to accept the alternative package offered by the Organizer. In any case the refund shall never exceed twice the amount that the Passenger would have owed on the same date, as per Art. 6.4. Therefore, in the event of cancellation of the holiday package 45 to 59 days prior to the departure date, the Organizer shall only be required to refund the amount, if any, paid by the Passenger and actually collected by the Organizer.

8.3 In the aforementioned cases of force majeure, fortuitous events, lack of the minimum number of participants required (subject to notification by the Organizer no later than 20 days prior to the departure date) or refusal by the Passenger to accept the alternative package offered by the Organizer, the Passenger shall only have the right to be reimbursed for the amount actually paid, within 7 working days from the date of cancellation.

9.3 The Passenger shall not bring merchandise, live animals, weapons, ammunition, explosives or inflammable, toxic or dangerous substances on board the ship without the Organizer's written consent. It is also forbidden to bring on board and/or use in

the cabin any electrical appliances, including but not limited to irons, water heaters, kettles, electric cookers, hair dryers and heaters.

9.4 The Passenger shall be liable for any damages incurred by the Organizer due to non-compliance with the aforementioned obligations. In particular, the Passenger shall be liable for any damages caused to the ship, its furnishings and equipment, for loss or damage caused to other Passengers and third parties, as well as all for any fines, penalties and expenses imposed on the Organizer due to the Passenger's actions, by port authorities, customs officers, health authorities or other officials of any country included in the cruise.

9.6 The Passenger shall provide the Organizer with all the information necessary to enable compliance with security requirements, and in particular those laid down in Council Directive 98/41/EC and the Italian Ministerial Decree of 10.13.1999. The collection and processing of data (including images) shall be carried out in compliance with the principles established by Directive 95/46/EC and Legislative Decree no. 196 of June 30, 2003.

9.7 The Passenger shall attend safety briefings and emergency drills that the Organizer arranges on board the ship. If this requirement is not met, the Master, pursuant to Art. 186 of the Italian Maritime Law and in accordance with 10.2 below, may take all appropriate measures including disciplinary disembarkation of the Passenger concerned.

Similar measures may be taken independently by air carriers or other service providers, in accordance with the disciplinary authority they are granted by law or by contract; in this regard the Organizer shall bear no liability in relation to these air carriers or service providers.

10.3 The Organizer and the Master of the ship shall have the liberty

to comply with any orders or directions whatsoever issued by the Government or authorities of any nation or by any person acting or purporting to act on behalf of or with the authority of such Government or authorities or by any person having under the terms of the War Risks Insurance on the ship the right to issue such orders or directions. If by reason of, and in compliance with any such orders or directions anything is done or is not done, the same shall not be deemed a deviation or a breach of contract. Disembarkation of any Passengers or discharge of baggage, in accordance with such orders or directions shall constitute due and proper fulfillment of the obligation under the contract, releasing the Organizer from any liability for the continuation of the voyage or the repatriation of the Passengers.

11. SECURITY AND LIENS

The Organizer has the right to retain the Passenger's luggage or other items of their property as credit for the payment of any amounts owed by the Passenger for goods and services purchased on board.

12. BLACKLISTED PASSENGERS

12.1 Should the Passenger be responsible for one or more of the following behaviours, the Organizer and the Captain shall be entitled to prevent him/her from travelling again on the ships of any Carnival Group company for a fixed period of time.

12.2 The rejection of new bookings and the consequent cancellation of any bookings already made, at the Organizer's reasonable discretion, may be notified in the event that, on the last cruise, the Passenger:

- a) violated the rules of conduct contained in articles 9 and 10;
- b) acted in a manner which may be detrimental to other Passengers or crew members, as well as to assets belonging to the Organizer and/or third parties;
- c) did not settle the total balance of the cruise and/or an on-board account and/or other purchases, or owes the Organizer or any Carnival Group company any sums of money and does not settle these sums.

12.3 Any reservations made prior to the committing of one of the aforementioned behaviours shall be cancelled with respect to the position of the liable Passenger only. In this case, the Organizer shall reimburse the amount paid at that time by the Passenger with respect to his/her share, exclusive of any compensation due to date for any further damage pursuant to article 46, paragraph 1 of Legislative Decree 79/2011.

12.4 The Passenger shall be notified of these circumstances in writing, sent to the address held by the Organizer.

13. ACCOMMODATION ON BOARD OR IN HOTELS

13.1 The Organizer has the right to assign the Passenger a different cabin from the one reserved, as long as it is of the same category or higher.

13.2 If included in the package and in the absence of official standards, hotel accommodation abroad shall be rated using roughly the equivalent of the classification system in force in Italy.

14. ORGANIZER'S RESPONSIBILITIES

14.1 The Organizer shall be liable for damages incurred by Passengers due to total or partial non-fulfillment of the contractual services, whether they are supplied by the Organizer personally,

or by third party service providers. The Organizer shall not be held liable when the damages are caused by the Passenger (including acts performed independently by the Passenger during the delivery of tourist services), by a third party who is not a contractual service provider, by fortuitous events, by force majeure, or by circumstances that the Organizer, acting with due diligence, could not have reasonably anticipated or avoided.

14.2 All exemptions, limitations of liability, disclaimers and exceptions that may be cited by the Organizer by virtue of this contract shall also be extended to apply to any persons who are, or who are considered to be, the Organizer's employees, representatives, associates, agents, subcontractors or assistants acting in any capacity, as well as the Organizer's insurers.

14.3 The Organizer shall bear no liability in relation to the Passenger for any non-compliance by the Travel Agent or other intermediaries involved in the closure of the contract, as far as concerns the obligations of such third parties.

14.4 If the Organizer has paid sums by way of refunds or compensation to the Passenger, the Organizer is subrogated to the rights and actions of the Passenger vis-à-vis third parties bearing liability.

15. LIMITATION OF LIABILITY

15.1 In no case shall the compensation payable by the Organizer be greater than the limits of liability prescribed by Commission Regulation (EC) no. 329/2009 and, where applicable, by national and international laws in force regarding non-performance of the service concerned.

15.2 If the Organizer is also the shipping company and/or owner and/or carrier and/or charterer of the ship used for the cruise, the current laws concerning limitation of liability or the applicable provisions of Commission Regulation (EC) no. 392/2009 and subsequent amendments shall still apply.

16. EXCURSIONS

16.1 Excursions are subject to the contractual terms and conditions of the local operator providing the services and to any applicable national law.

16.2 The prices and itineraries of any shore excursions published in the brochure are approximate only and are subject to variation. The times and itineraries of the tours may be subject to change as a result both of external circumstances (for example, weather conditions, strikes, transport delays etc.) and of the operational requirements of the tour operators.

16.3 In the event of cancellation of an excursion due to technical issues or force majeure or failure to obtain the minimum number of participants, Costa Cruises shall reimburse the Passengers concerned.

16.4 Unless otherwise stated, shore excursions are not specifically designed for physically challenged Guests. Nevertheless, if requested, Costa can recommend tours that are designated as easy. Excursions suitable for Passengers with slight mobility problems are marked as such with a special symbol. Therefore, prior to purchasing a shore tour, the Organizer recommends that Guests obtain as much information as possible on the Internet, in the brochure or by contacting the toll-free number, to find out whether or not the excursions that they are interested in are suitable for non-ambulatory Passengers.

16.5 For certain types of excursion, due to their characteristics

(for example the use of vehicles driven by the Passengers), special conditions, requirements or regulations may apply.

17. AIR TRANSPORT

17.1 Upon issuance by the carrier of the air travel ticket or airline ticket in the name of the Passenger and upon acceptance of the same by the Passenger, an air travel contract is entered into by the Passenger and the air carrier issuing the ticket.

17.2 Costa Cruises does not act in any capacity as an air carrier with respect to any type of air transport. Air transportation is undertaken exclusively by the specified air carrier (and/or their appointed representatives) with all the associated risks and responsibilities; therefore, Costa Cruises shall not be responsible for any loss or damages which may be incurred due to acts or omissions on the part of any direct or supplemental air carrier. The Passenger's rights as per the air transport contract and the laws applicable to it (the Montreal Convention of 5/28/1999, Regulation (EC) No. 889/2002 and national laws), including in particular the Passenger's right to compensation for death or injury, shall therefore be intended to mean the Passenger's right to seek reimbursement or compensation from the operating air carrier. The obligations as per Regulation (EC) No. 785/2004 are the exclusive responsibility of the air carrier.

17.3 If it is not enclosed with the documentation supplied by Costa Cruises to the Passenger, a valid air travel ticket shall be requested directly by the Passenger from the carrier, who shall ensure that it is issued and – until the date of issue – make arrangements for the safekeeping of the same at its premises for logistical reasons and guarantee compliance of the ticket with the applicable regulations. The carrier shall also guarantee that the ticket is immediately and unconditionally issued at its own expense to the Passenger, all of the above arrangements having also been guaranteed to Costa Cruises.

17.4 The obligations under Regulation (EC) No. 261/2004 are the exclusive responsibility of the operating air carrier, as defined in the foregoing Regulation and no responsibility shall be accepted in this regard by Costa Cruises, either in its capacity as the Organizer or otherwise. Accordingly, any claims lodged by Passengers under the provisions of Regulation (EC) No. 261/2004 shall be submitted directly to the operating air carrier. In exercising their rights vis-à-vis the air carrier as laid down in the aforementioned Regulation, Passengers shall abide by the criteria whereby everything should be done as far as possible to safeguard the holiday package as a whole and so as not to prejudice the rights of the Organizer under this contract and the applicable regulations.

17.5 In the travel documentation sent to Passengers, Costa Cruises shall include details of their flight arrangements. The inclusion of flight details in the documentation supplied by Costa Cruises to Passengers, together with warnings or information about air transport and the associated legal and contractual regulations applicable, is for information purposes only. Passengers shall be given information about airlines, flight numbers, schedules and airports at least 3 months before departure. However, if a booking is made less than 3 months prior to departure, Passengers shall be provided with the abovementioned information within 3 working days of making the booking.

17.6 The use of hard copy material, trademarks, logos or any other element identifying Costa Cruises in the documentation as per 16.5 above is for printing purposes only and shall not be construed as an amendment or a correction or as having any bearing whatsoever on the other provisions of this Article.

17.7 The general terms and conditions of the air carrier and/or the contract of carriage shall apply in the event of the Passenger's withdrawal and/or failure to use the air carrier.

18. SHIP'S DOCTOR

18.1 Should a Guest require medical attention while aboard one of our vessels, the ship's doctor is available to render services at a customary fee.

18.2 The opinion of the ship's doctor as to whether a Guest is fit to embark and/or to proceed on the cruise is final and binding on the Passenger concerned.

19. STORAGE OF VALUABLES

For the Passenger's convenience and security, a safe is provided on board the ship; the Organizer shall not accept any responsibility for cash, documents, securities, jewelry or other valuables that are not kept in the safe.

20. OBLIGATION TO PROVIDE ASSISTANCE

The Organizer's obligation to provide assistance to the Passenger is limited to the proper execution of the services under the contract and its other legal obligations.

21. COMPLAINTS AND CLAIMS

In accordance with Art. 49 of the Tourism Code, any claims to the Organizer regarding possible non-compliance in the organization or execution of the cruise shall be submitted by Passengers in writing no later than 2 months after the cruise return date.

22. INSURANCE COVER FOR TRIP CANCELLATION, MEDICAL ASSISTANCE AND LUGGAGE

22.1 When signing the booking form, Passengers may take out the insurance policy offered at the time, by paying the associated premium.

22.2 The insurance cover is a contract between the Passenger and the insurance company and all the obligations and responsibilities arising under the provisions of the insurance policy are the exclusive responsibility of the Passenger.

Costa Deliziosa

Experience pure pleasure

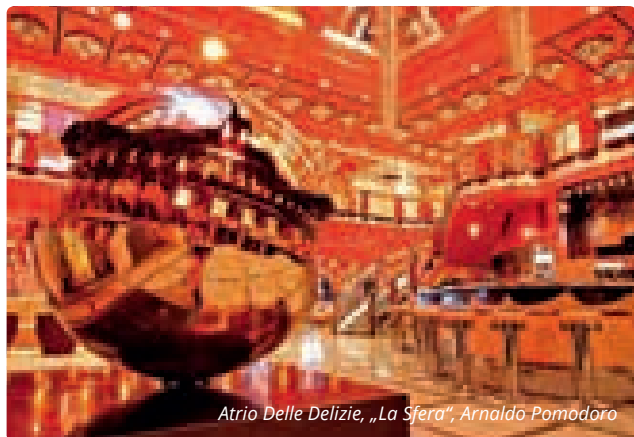

What does pleasure mean? Perhaps it's the beauty of a soft and enveloping embrace or of the sinuous curves, like the bronze "sphere" of the sculptor Arnaldo Pomodoro that sits resplendent in the elegant atrium, or the beauty of a cruise on board Costa Deliziosa?

Beauty is the star of the show and can be found everywhere on board, in every material, and in every space designed for your pleasure. Costa Deliziosa is a real jewel in the Costa fleet: elegant and comfortable at the same time, the perfect reflection of Italian style.

The shiny steel and the Murano glass found in the décor add a special touch to the meaning of the name of the decks, dedicated to ornamental flowers. How delightful!

Costa Luminosa

Make a wish

Twenty different types of marble skilfully lit, the transparency of the crystal, the thousand reflections of the Murano glass chandeliers and the iridescent fabrics of the furnishings are all behind the light that has given its name to Costa Luminosa. By day Fernando Botero's monumental sculpture sparkles in the bright sunlight shining through the glass roof of the atrium, and by night you'll be the ones in the spotlight at a party under the stars.

The shine of the sea at sunset or by night with the reflection of the moon on the blue waves only adds to the thrill of a journey on board this ship.

Discover all the best a Costa holiday has to offer on just one cruise.

Costa Pacifica

The music of the sea

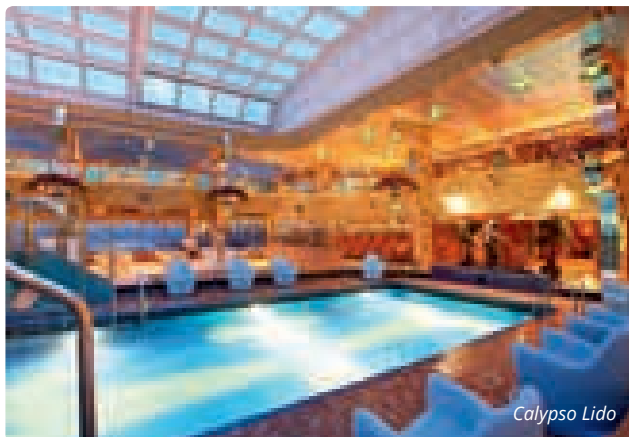

Costa Pacifica is the ship of music. Every corner is decorated with images of composers, musical works and musical instruments and, on board, music accompanies your whole day, like a kind friend. But it is the sea that really serenades every time we look out from the balustrade: the waves crashing on the hull, the gulls that call our attention, and the flags that flutter in the wind.

Costa Pacifica is already a Guinness world record holder, because it was christened on the same day as Costa Luminosa. Its motto is "the music of the sea" and it could not be any other way, because here, from the food to the entertainment, from the ship's comfort to its relaxation, no note is out of tune.
